

COMPANY OVERVIEW

Tercum LLC is an Orlando, Florida-based services firm supporting commercial, government, environmental, and development-focused organizations with coordinated logistics, maritime, procurement, architectural, and urban development support. The company focuses on reliable execution, compliance-aware coordination, clear communication, and practical project management for domestic and international operating environments.

MISSION

Deliver dependable logistics, maritime, procurement, and infrastructure support that helps organizations move cargo, coordinate suppliers, and advance complex projects with accountability, visibility, and disciplined execution.

CORE COMPETENCIES

- Maritime shipping and port coordination
- Air freight coordination for priority cargo
- Freight, carrier, and logistics oversight
- Procurement and sourcing support
- Supplier coordination and cost-control support
- Architectural and project management support
- Urban planning and master planning
- Port, corridor, and infrastructure support
- Program coordination and reporting
- Risk awareness and compliance-focused execution

SERVICES

Maritime Shipping: Port coordination, vessel support coordination, and maritime logistics services for domestic and international operations.

Freight and Logistics: End-to-end freight coordination, carrier management, and logistics oversight for operational continuity.

Architecture and PM: Support for logistics, industrial, maritime, port-related, commercial, and institutional development requirements.

Air Freight: Time-critical air freight coordination for priority cargo, specialized shipments, and international supply chains.

Procurement Services: Sourcing support for logistics-related goods, equipment, materials, and operational requirements.

Urban Planning: Strategic planning and development support for cities, ports, transportation systems, and infrastructure projects.
